# Slovenian Information Day on the EU Innovation Fund

10 February 2026 | 09:00 – 13:45

*House of the European Union,  
Dunajska 20, 1000 Ljubljana*

*The EU Innovation Fund is one of the European Union's most important financial instruments for supporting breakthrough low-carbon technologies and the decarbonisation of industry. It is intended for companies, research institutions, and other stakeholders developing ambitious projects in the fields of clean energy, industrial innovation, energy storage, and carbon capture and utilisation.*

*The Slovenian EU Innovation Fund Information Day will provide a comprehensive overview of the latest current call, practical guidance on preparing successful applications, and presentations of good practices from projects that have already received funding. The event will offer an opportunity for direct contact with representatives of the European Commission, the CINEA Executive Agency, and the European Investment Bank, as well as a platform for exchanging experiences among Slovenian and international experts.*

## Programme

*The event will be moderated by Dr. Draško Veselinovič,  
Director of the Brussels-based Slovenian Business & Research Association (SBRA)*
