

Horizon Europe Matchmaking event - Culture, Creativity and Inclusive Society

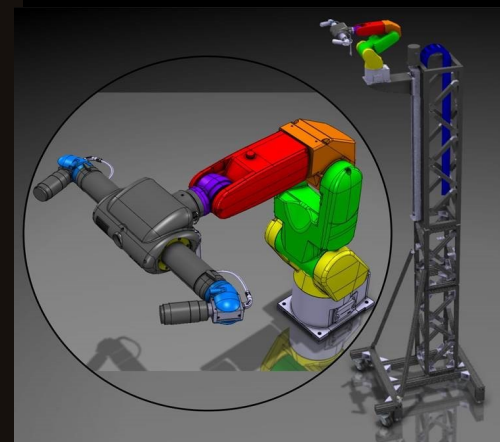

HORIZON-CL2-2021-HERITAGE-01-04: Preserving and enhancing cultural heritage with advanced digital technologies

Wilanów Palace, a Baroque royal residence.
One of the first museums in Poland was opened in the Wilanów Palace in 1805.

Laboratory for 3D Documentation
Documentation and Digitalization Department

3D geometry acquisition –
custom made measurement systems

Since 2005, the Museum of King Jan III's Palace at Wilanów is cooperating with Warsaw University of Technology Faculty of Mechatronics in developing technology for cultural heritage (CH) precise 3D documentation (based on structured light scanning method). We also use many other digital techniques such as photogrammetry, RTI or gigapixel documentation.
