

DIHELP

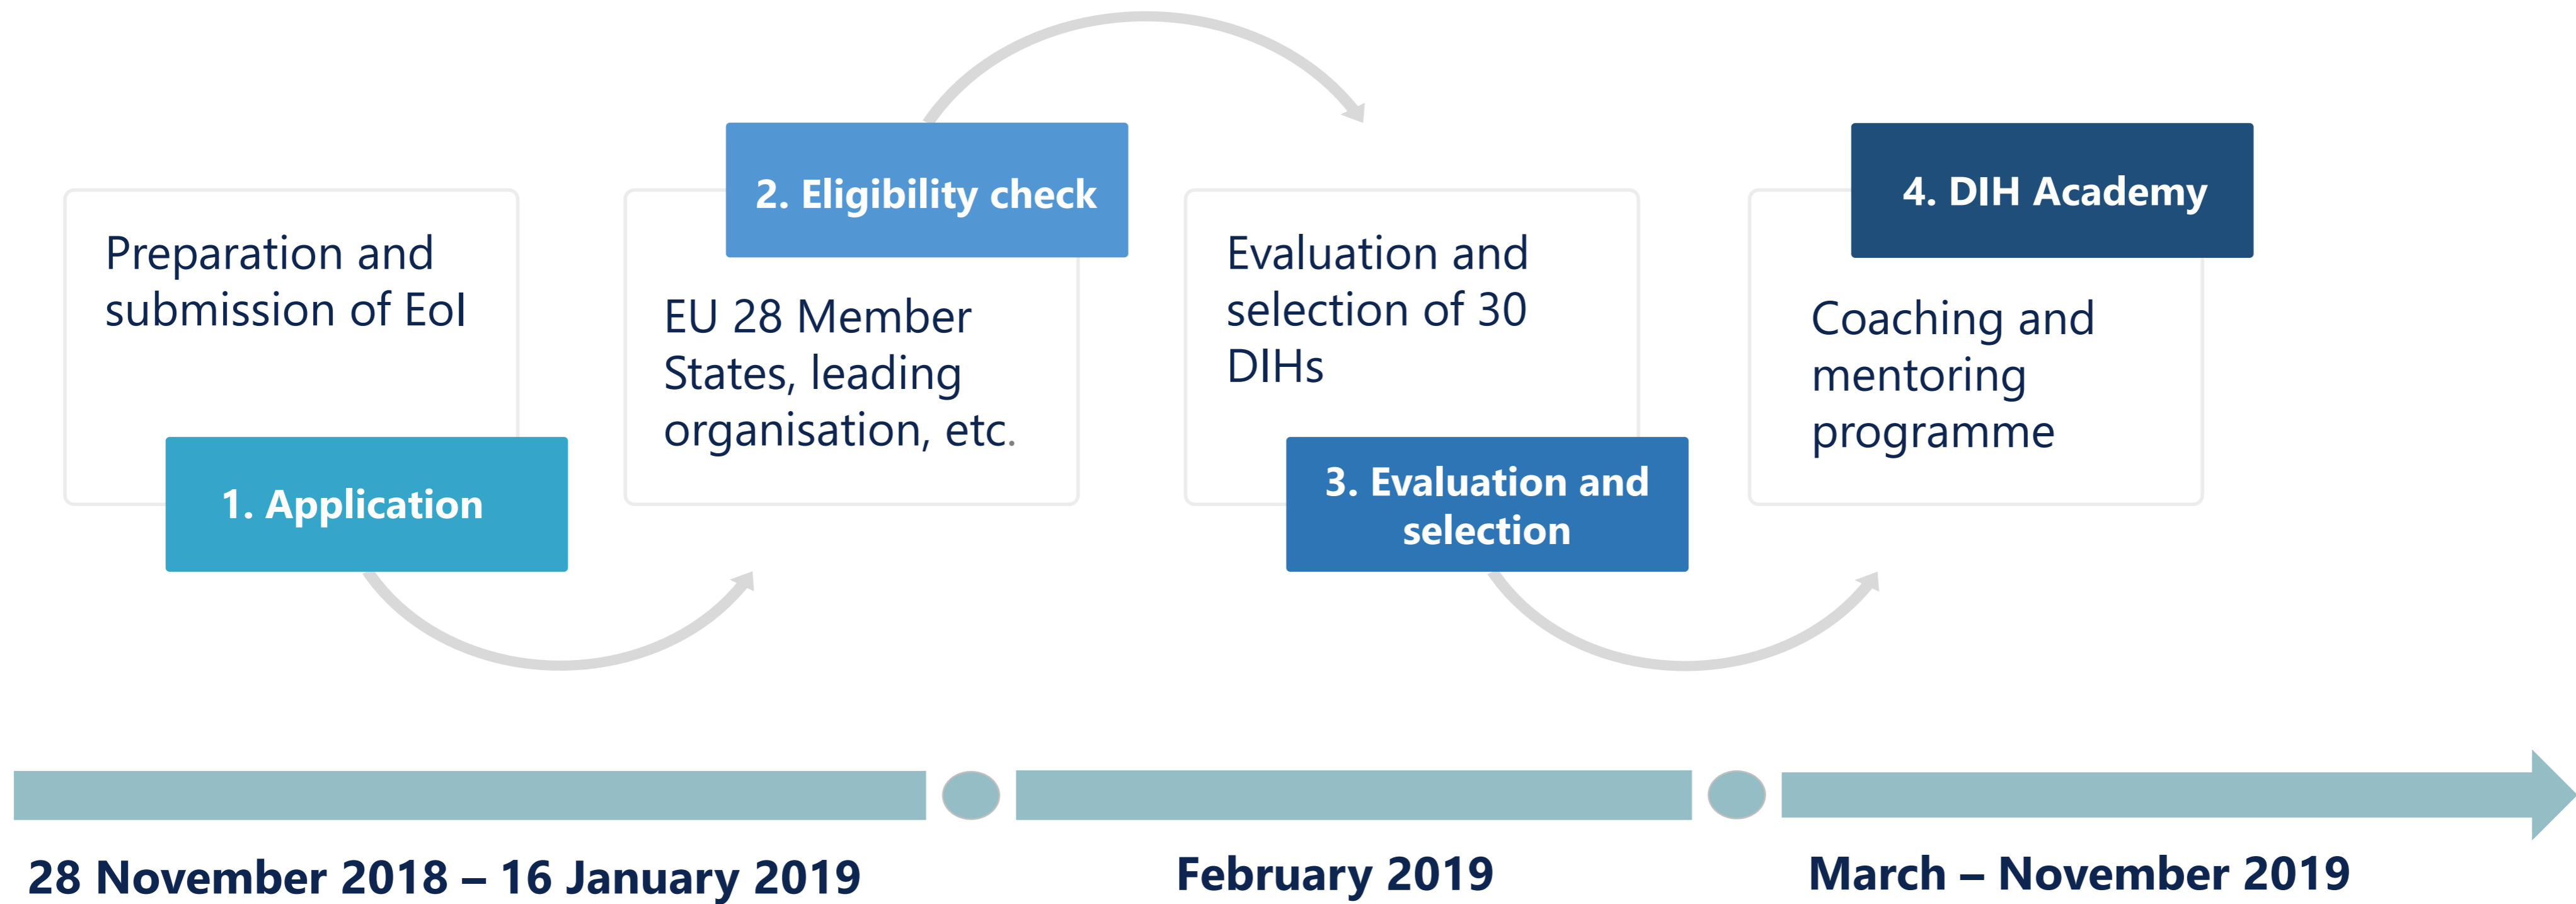

DIH Enhanced-Learning Programme

Objective

The **Digital Innovation Hub Enhanced Learning Programme** is a programme launched by the European Commission to **support 30 Digital Innovation Hubs (DIHs)** across at least 12 European Member States to develop and/ or scale-up their activities for 9 months through a **coaching and mentoring programme.**

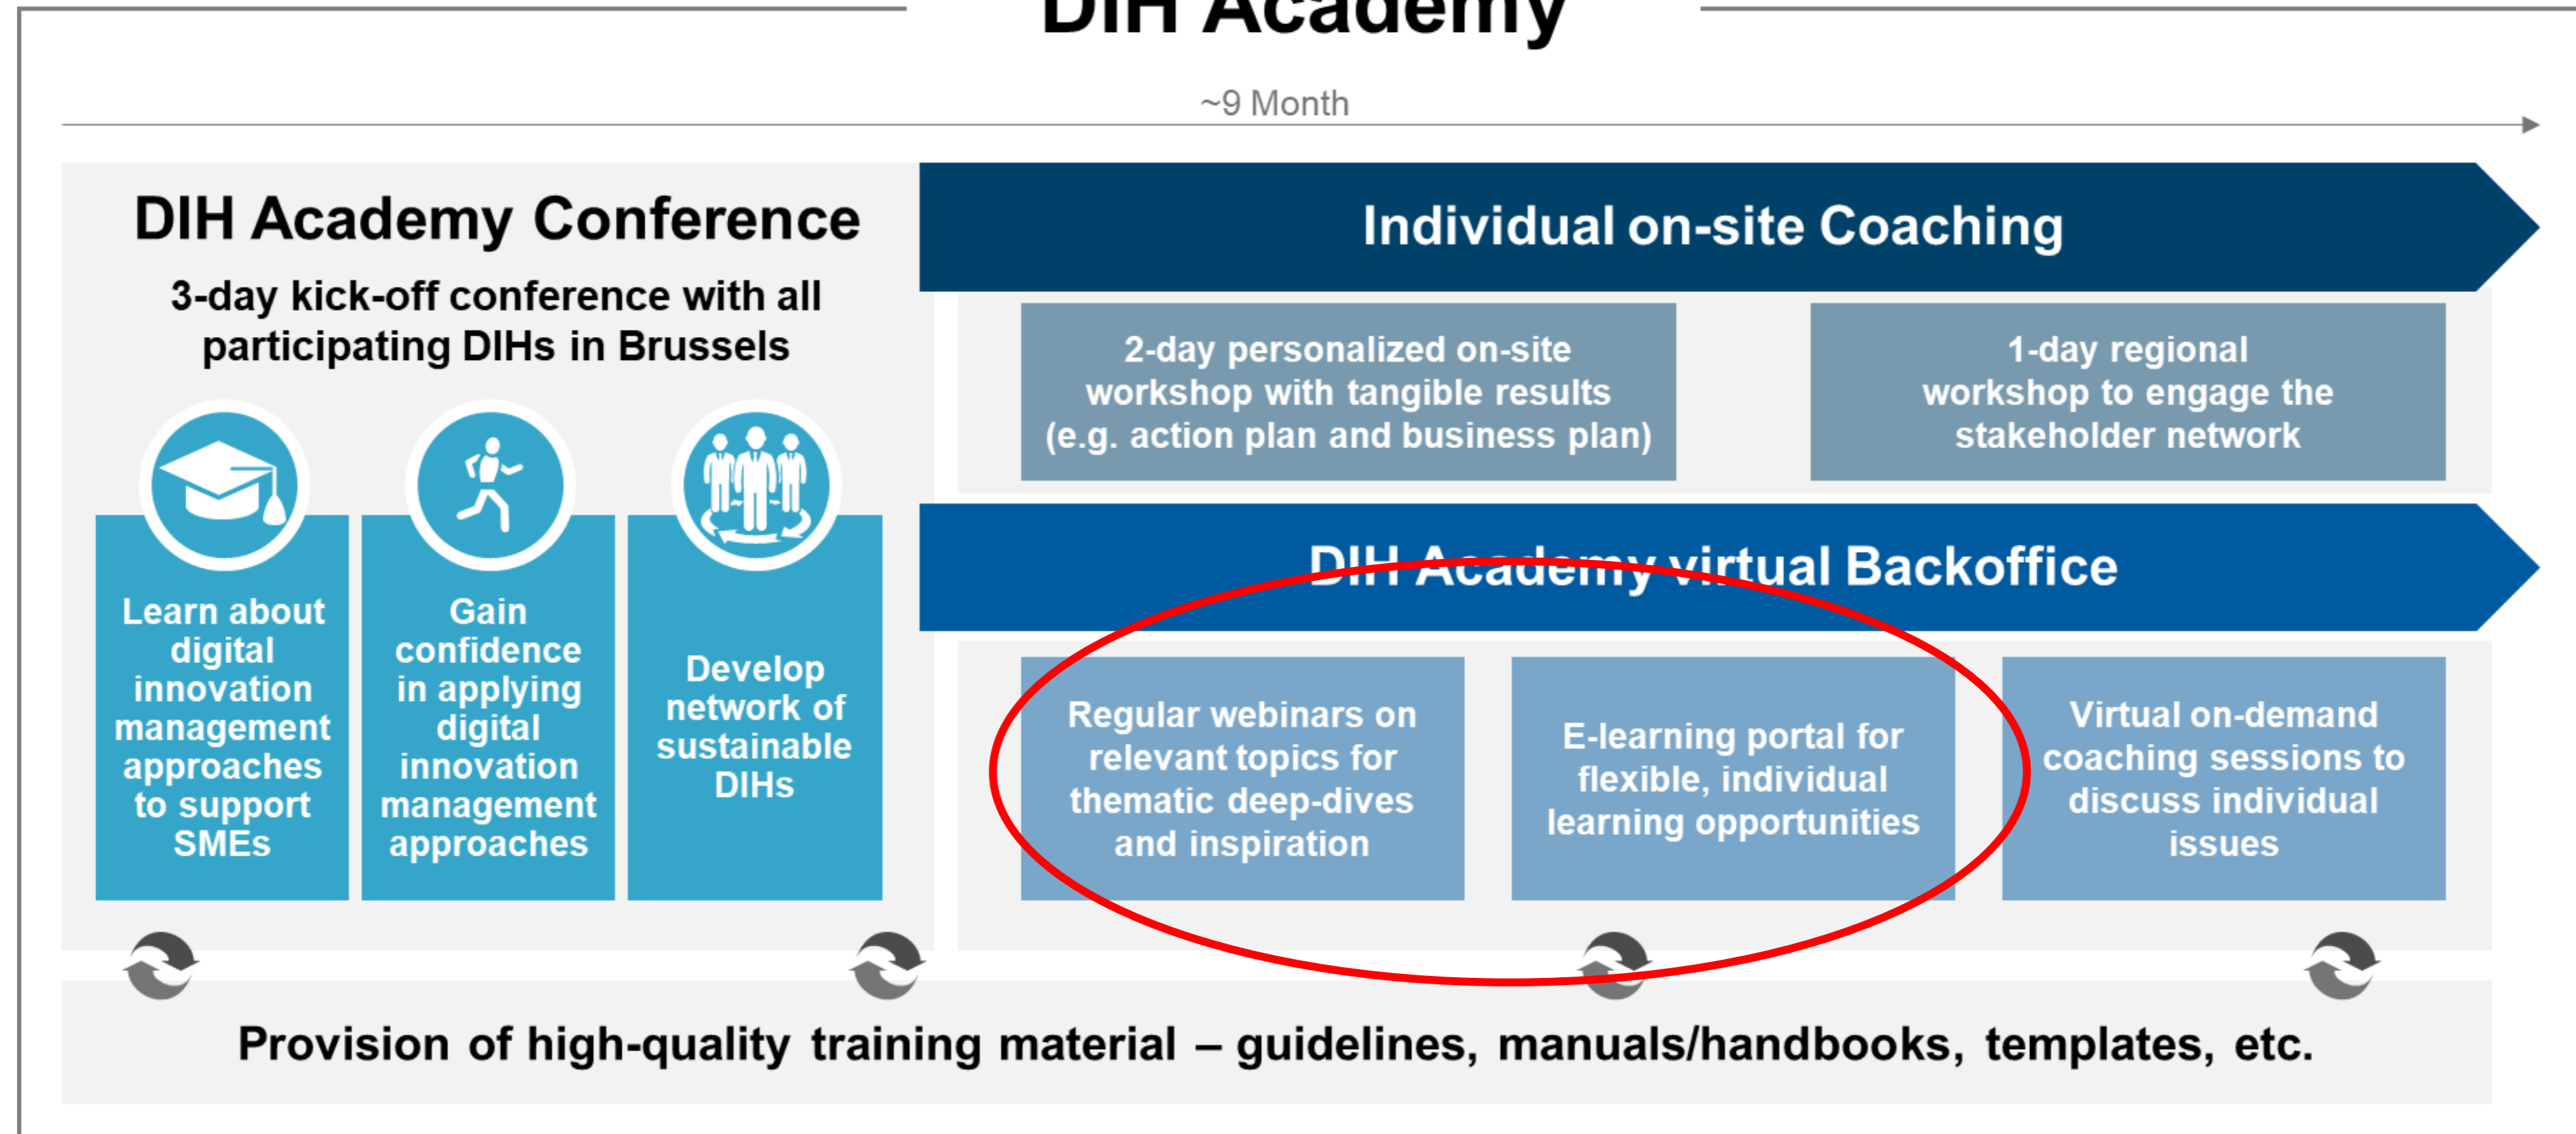

Timeline

DIH Academy

DIH Academy

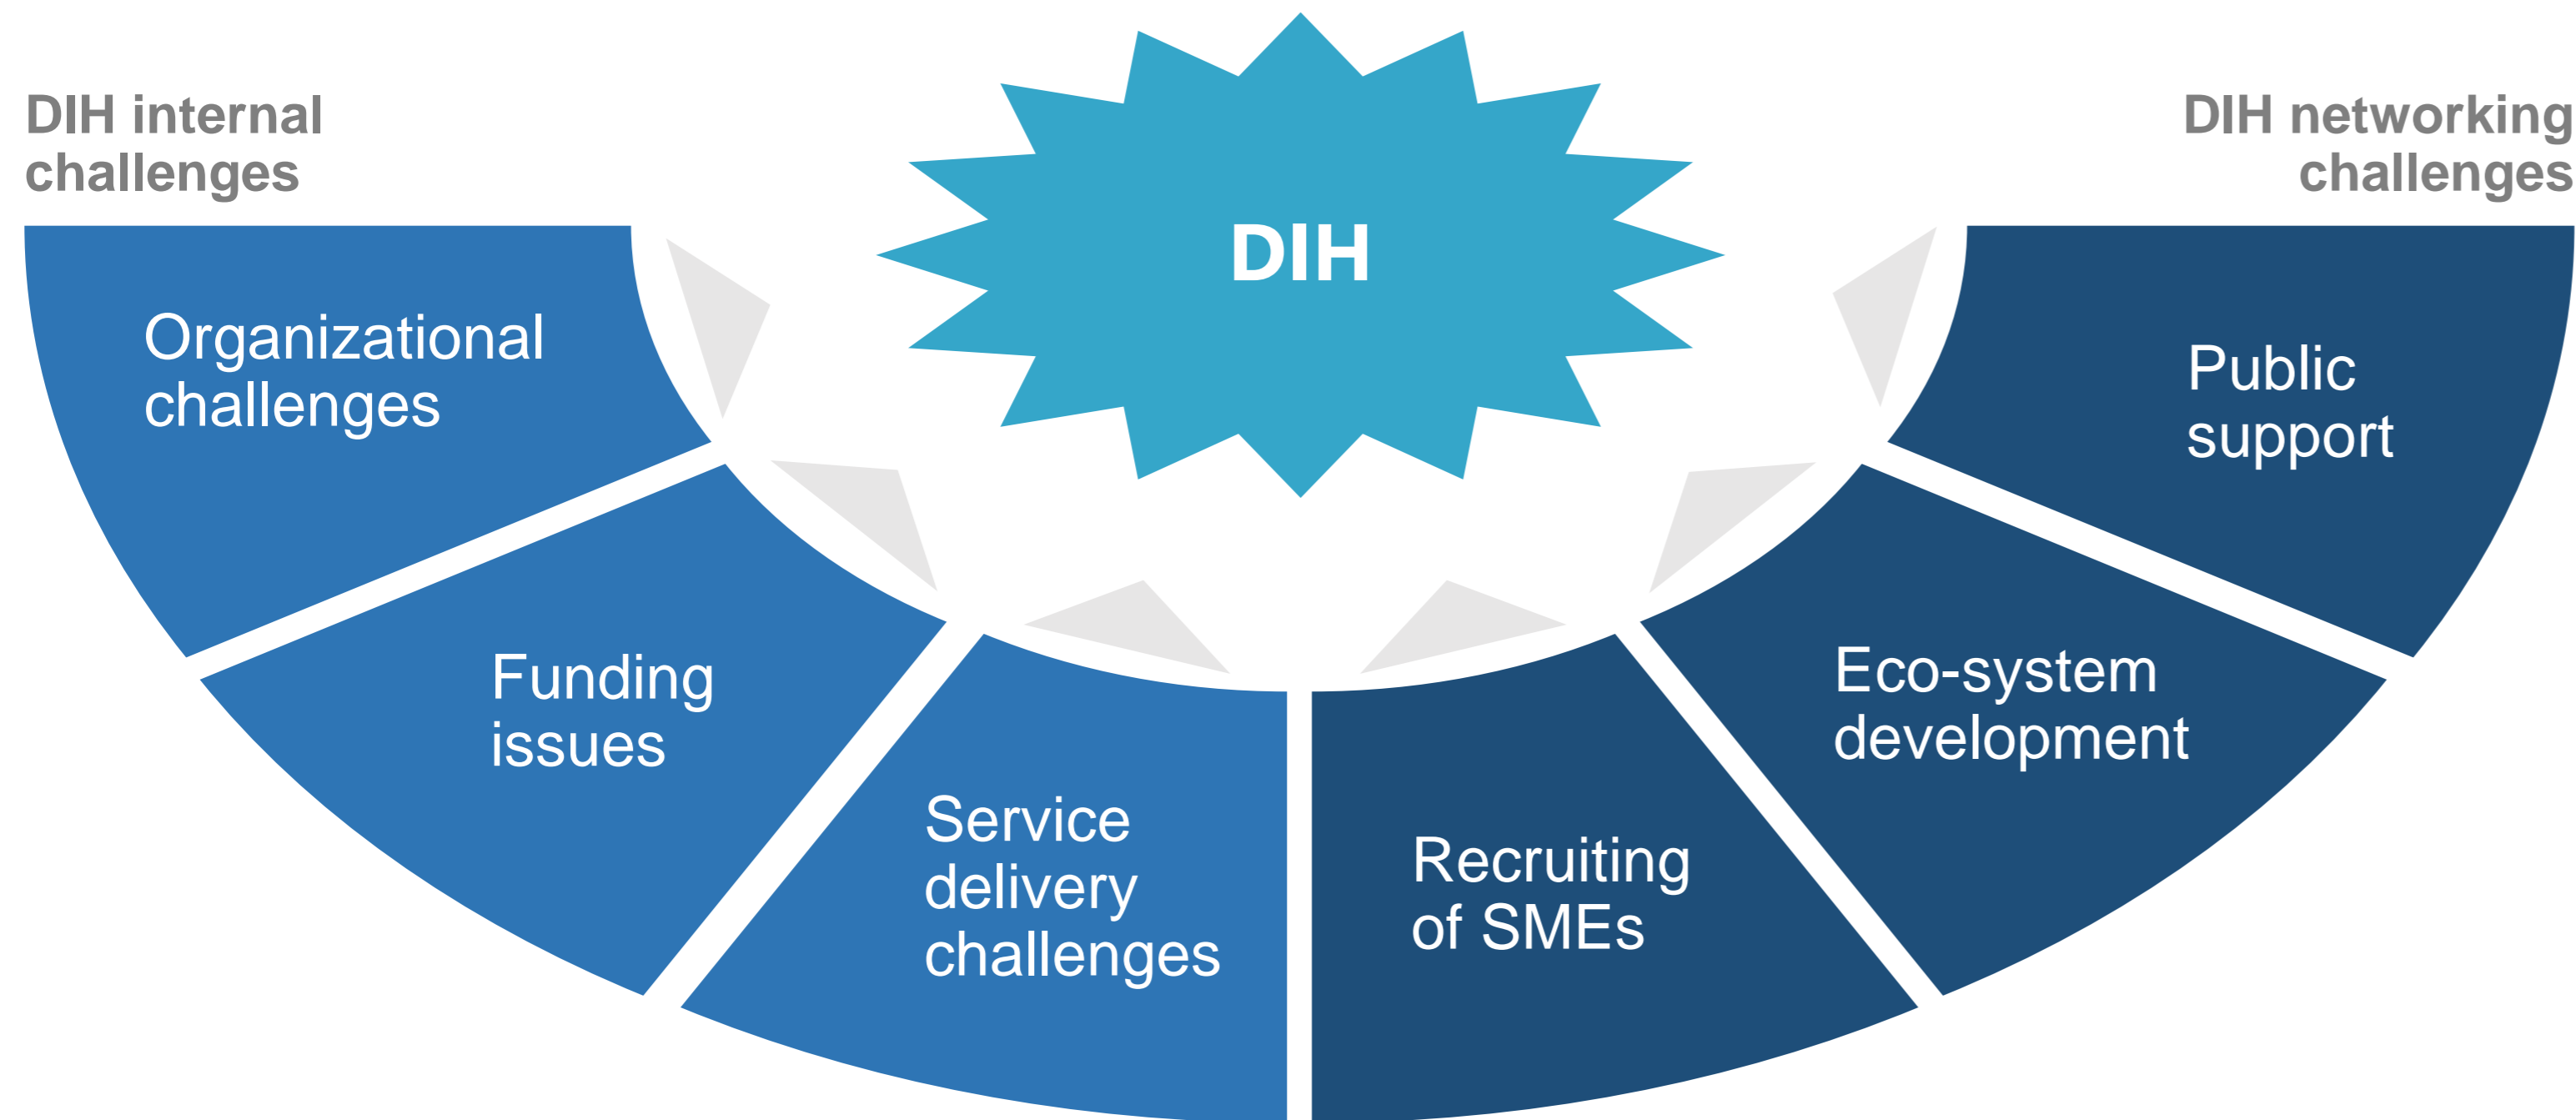

~9 Month

On-demand coaching ensured continued support as required - maintaining contact to the DIHs

On-demand coaching and ad hoc assistance

Virtual BackOffice

Comment:

- Assigning a contact person to the DIHs for the project duration ensured low contact barriers due to high level of trust
- Each DIH had access to an estimate of 2-days on-demand coaching
- Coaching were based upon request by the DIH, and managed via emails, phone calls and/or web-sessions

Next webinar

Reinforcing the Centre of Gravity in the DIH

This webinar aims to give participants an understanding of how to **design user-centred services**. The speaker in this session will be Antonio Collado from CARSA.
