# *EU Digital Health Tech & Innovation Conference*

## 27 September 2022 ❙ 10:00 – 13:00
### Permanent Representation of the Republic of Slovenia to the EU
### Boulevard du Régent 45-46, 1000 Brussels
### *On-site in-person event*

*In recent years, especially in the light of the COVID-19 crisis, the healthcare sector has become more data-driven, the use of digital technologies in the health sector has increased, and health practitioners are able to use data and technologies to accelerate and increase the efficiency of healthcare services. The objective of the conference is to present the latest EU policies, initiatives and trends in digital health, present funding opportunities for digital health projects and showcase innovative business models from organizing countries.*
