# EDF Cooperation Timeline

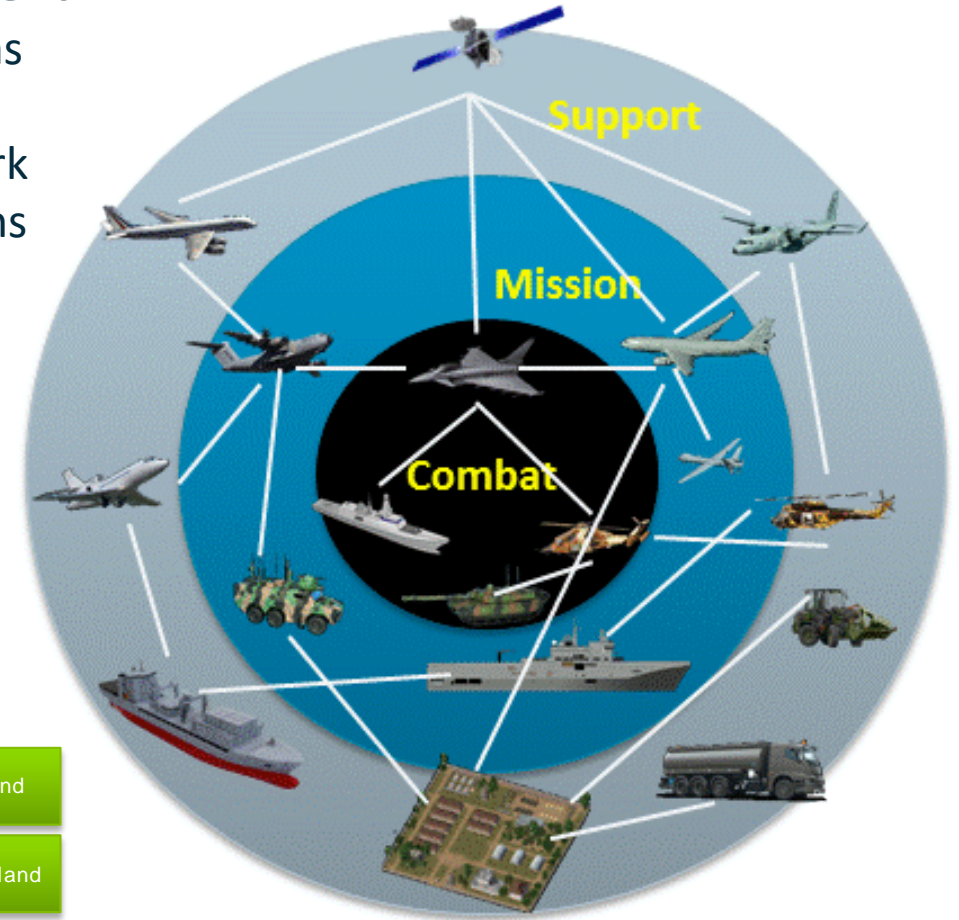

# EDF Multi-Domain Operations Cloud

## Interconnected Battlefield

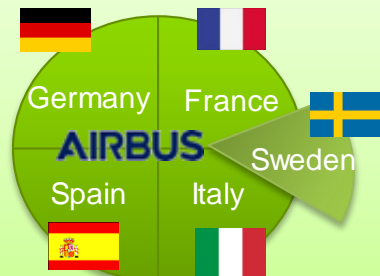

- > From support to combat missions
- > Hot synchronization of assets
- > Through an orchestrated network
- > For faster & optimized operations

### Project Objectives

To provide integrated solutions for a federation of military clouds in the frame of the **European Defence Fund**. The catalogue of M-DOC products & services will empower **collaborative missions** during **multi-domain operations**, and will **accelerate battle rhythm capability** for European forces. M-DOC supports PESCO project **ECOWAR**.

### EU Partners
