Karolina Loth-Babut
Managing Director

Horizon Europe Matchmaking Event
Energy Research
19 October, 2021.

Krajowa Agencja
Poszanowania Energii S.A.

1994-2021 over 25 years of experience

- created in 1994 by an Act of the Polish Government as a result of an agreement of the shareholders implementing the national energy policy.
- works according to free market rules, while also realizing public tasks.

Krajowa Agencja Poszanowania Energii S.A.
laureatem nagrody
"Kryształowa Brukselka 2020"

- ✓ An experienced team of experts in energy efficiency in the construction, industry, renewable energy, low-carbon economy;
- ✓ Extensive experience in performing energy audits and consulting in the field of energy conservation;
- ✓ Excellent knowledge of national and EU legal requirements and programs in the field of energy efficiency and sustainable development;
- ✓ Credibility and recognized position in the domestic and international markets;
- ✓ Many years of experience in national and international projects.

Areas of expertise

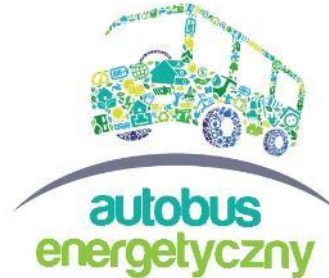

- ✓ **For industry:** comprehensive and independent advice and audits in the industry;
- ✓ **For construction:** designing modern energy efficient buildings and audits, analysis, thermomodernisation;
- ✓ **For local government:** low-carbon economy plans, analysis, energy consumption monitoring;
- ✓ **For all:** renewable energy sources technologies, financing opportunities for innovative ventures from national and foreign funds, proprietary solutions and instruments of energy efficiency improvement using RES, training for managing and technical staff
- ✓ **National and international educational projects**, which are an expression of our social responsibility in business.

National and international projects

We are one of the leading partners implementing national and international projects.

Through the implementation of educational and information projects we raise awareness about energy efficiency and renewable energy sources as well as about the effects of climate change.

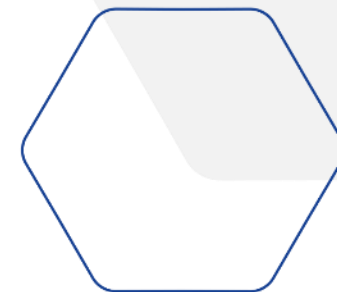

Topic and project joining possibilities

Cluster 5, CLIMATE, ENERGY & MOBILITY

Areas of intervention

- climate science and solutions
