Paulai TECH — EdTech Company

Experience:
Integration of **new emerging digital technologies** like:
- Augmented Reality
- Virtual Reality
- Artificial Intelligence
- Machine Learning

Into education and training
Enabling **culture and innovations** related experience.

Activities:
Development of the platform "Universe for Kids"

Team Experience:
- Innovations
- Marketing
- EU projects
- IT Development
- 3D, AI, ML
- B2B & B2C Solutions
- International Collaboration

UNIVERSE FOR KIDS

HORIZON-CL2-2021-HERITAGE-01-04:
Preserving and enhancing cultural heritage with advanced digital technologies
or
HORIZON-CL2-2021-TRANSFORMATIONS-01-05:
Integration of emerging new technologies into education and training

Project Idea:
Develop a platform based on Augmented Reality and Virtual Reality to **integrate culture (arts) and science to fulfil STEAM** (science, technology, engineering, arts and mathematics) **based learning** in real organizational environment & understand how science and arts are applied and combined.

During the project Paulai Tech would develop **platform prototype** by:
- Creating various scenarios integrating scientific examples as well as artistic settings
- Designing 3D models for Augmented Reality and Virtual Reality experience
- Developing Big Data & Artificial intelligence algorithms for Personalized Experience
- Designing visual solutions for Gamification
- Projects results dissemination and delivery for the society
