

Clean Energy Transition Partnership (CETP)

19.10.2021 HORIZON EUROPE MATCHMAKING EVENT

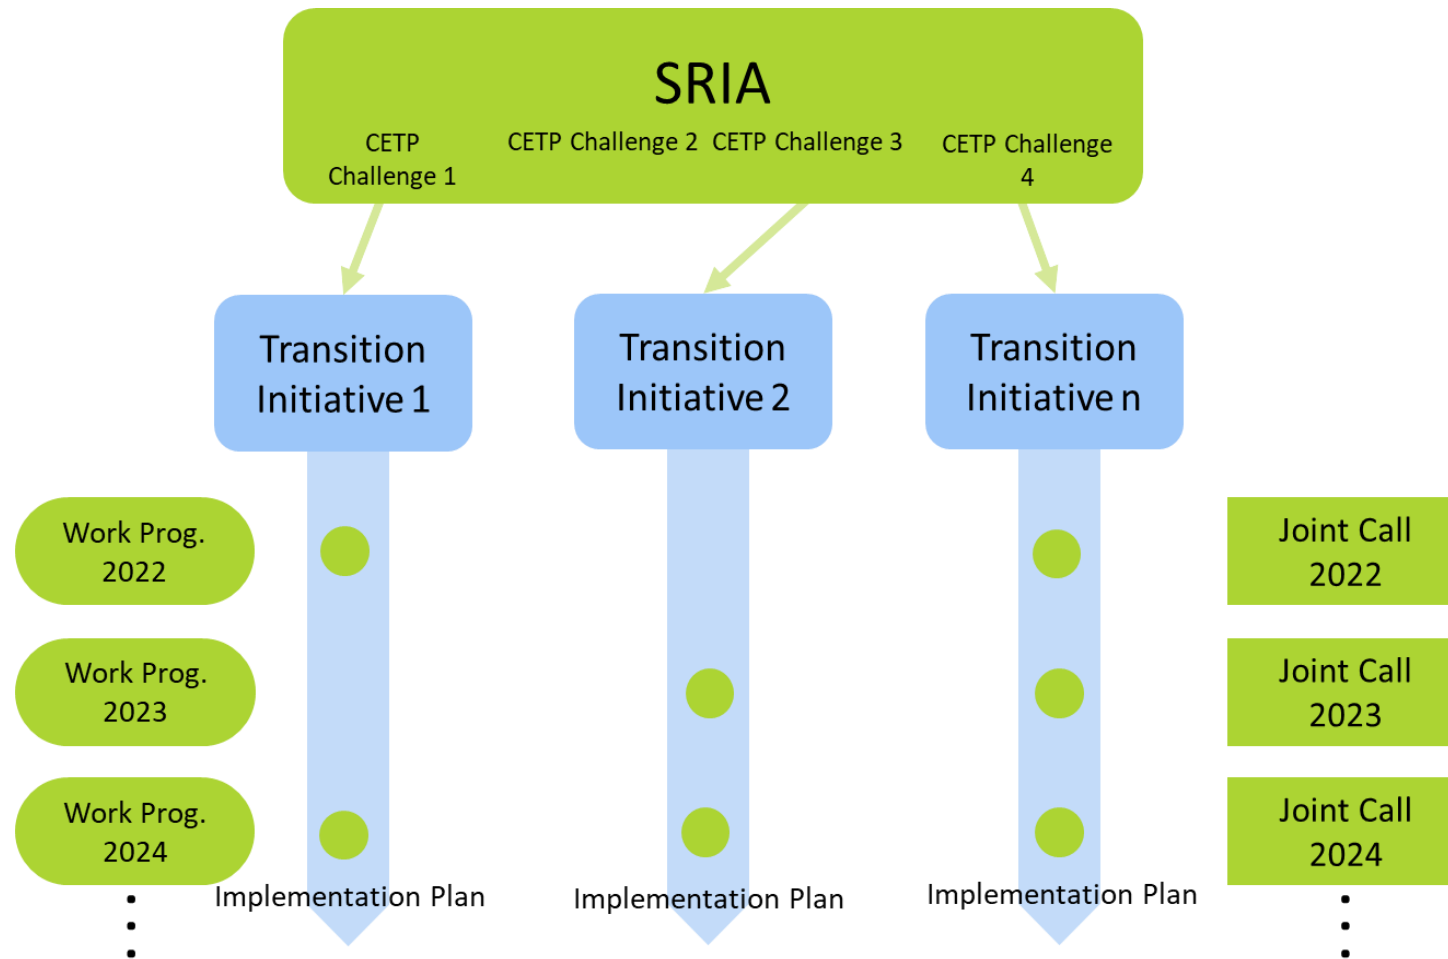

What is the CETP?

- ▶ The planned **Clean Energy Transition Partnership (CETP)** is a multilateral and **strategic partnership of national and regional RDI** programmes in European Member States and Associated Countries in Horizon Europe.
- ▶ The CETP addresses the challenge of **clean energy transition** through coordinating national and regional research, development and **innovation strategies, programmes, activities and stakeholders.**
- ▶ The CETP benefits from the experience of **14 successful ERA-Nets** in Horizon 2020.
- ▶ In November 2020, the **Strategic Research and Innovation Agenda (SRIA)** has been approved by 32 countries and regions.
