Serbia

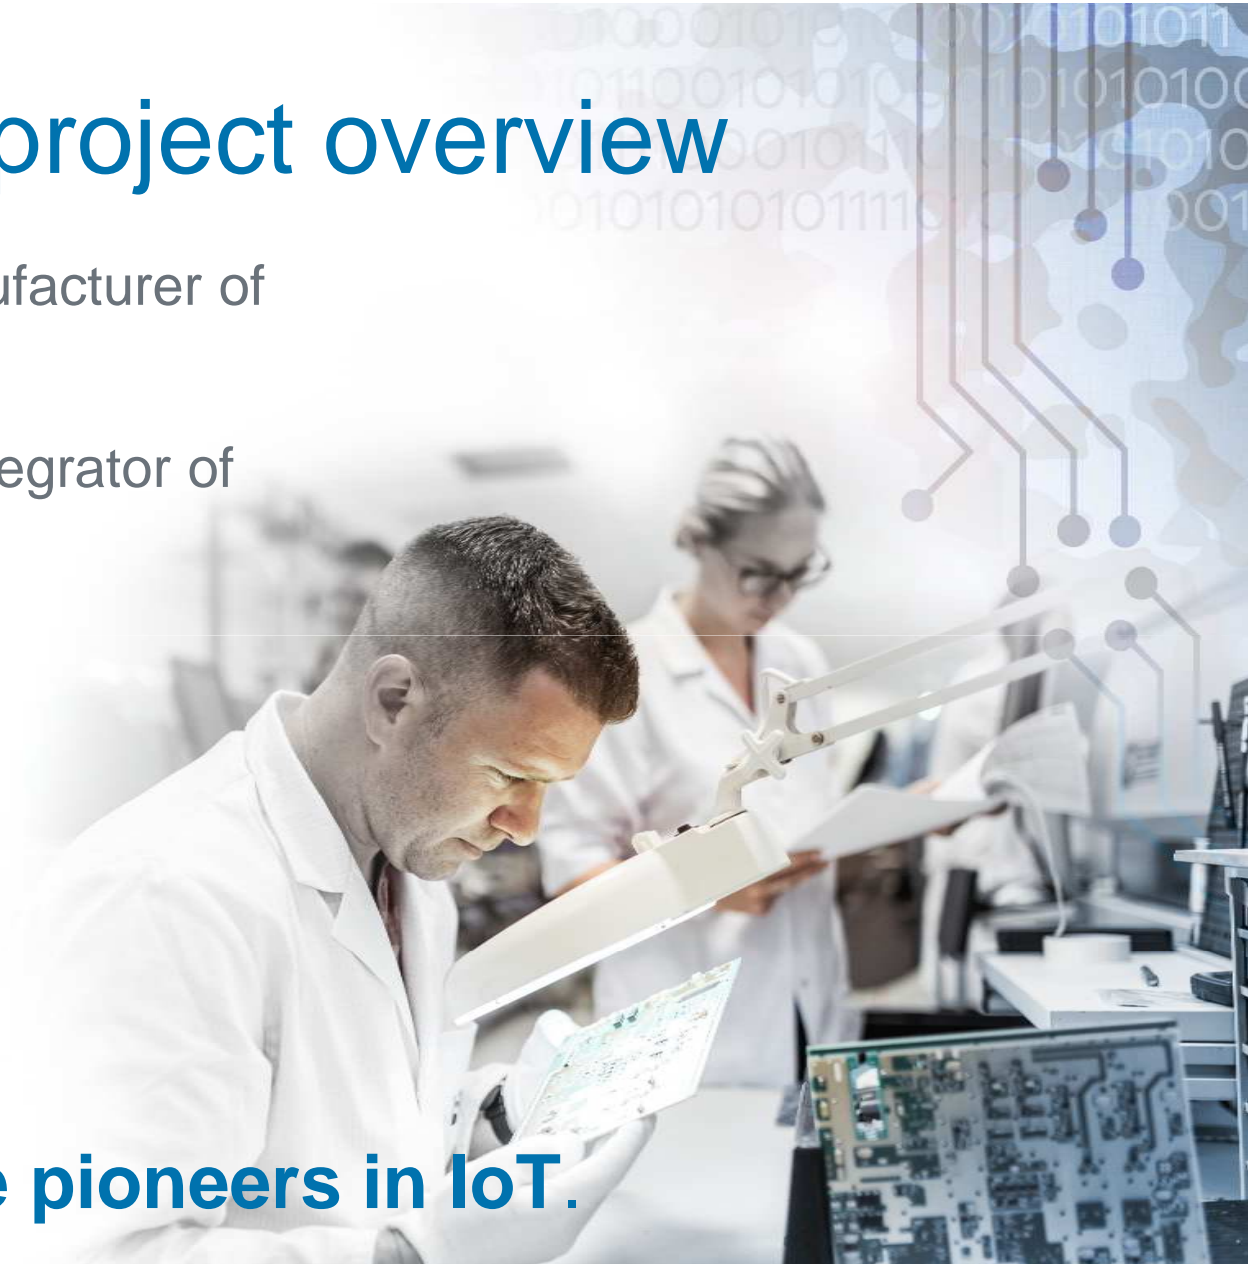

Electronic welfare project overview

- L-Tek as developer and manufacturer of superior HW
- Ascalab as developer and integrator of data management SW

In cybersecurity we provide mobile data management, safe transfer and backup.

We are pioneers in IoT.

Smart radiological, biological and chemical **CBRN** protection

- Develop, Design and Produce
- Sensing and Controlling
- Measuring, Monitoring and Analysing
- Complete eco-system
- L-Tek creates high-tech solutions on demand for market leaders

L-Tek R&D and Production

- Design and Development for CBRN defense
 - Radiation
 - Gas
- Proximity and Motion sensors
- Unique and customized solutions
- Security as a top priority

Take back ownership
of your digital life.

CONVENIENT

HIGHLY SECURE

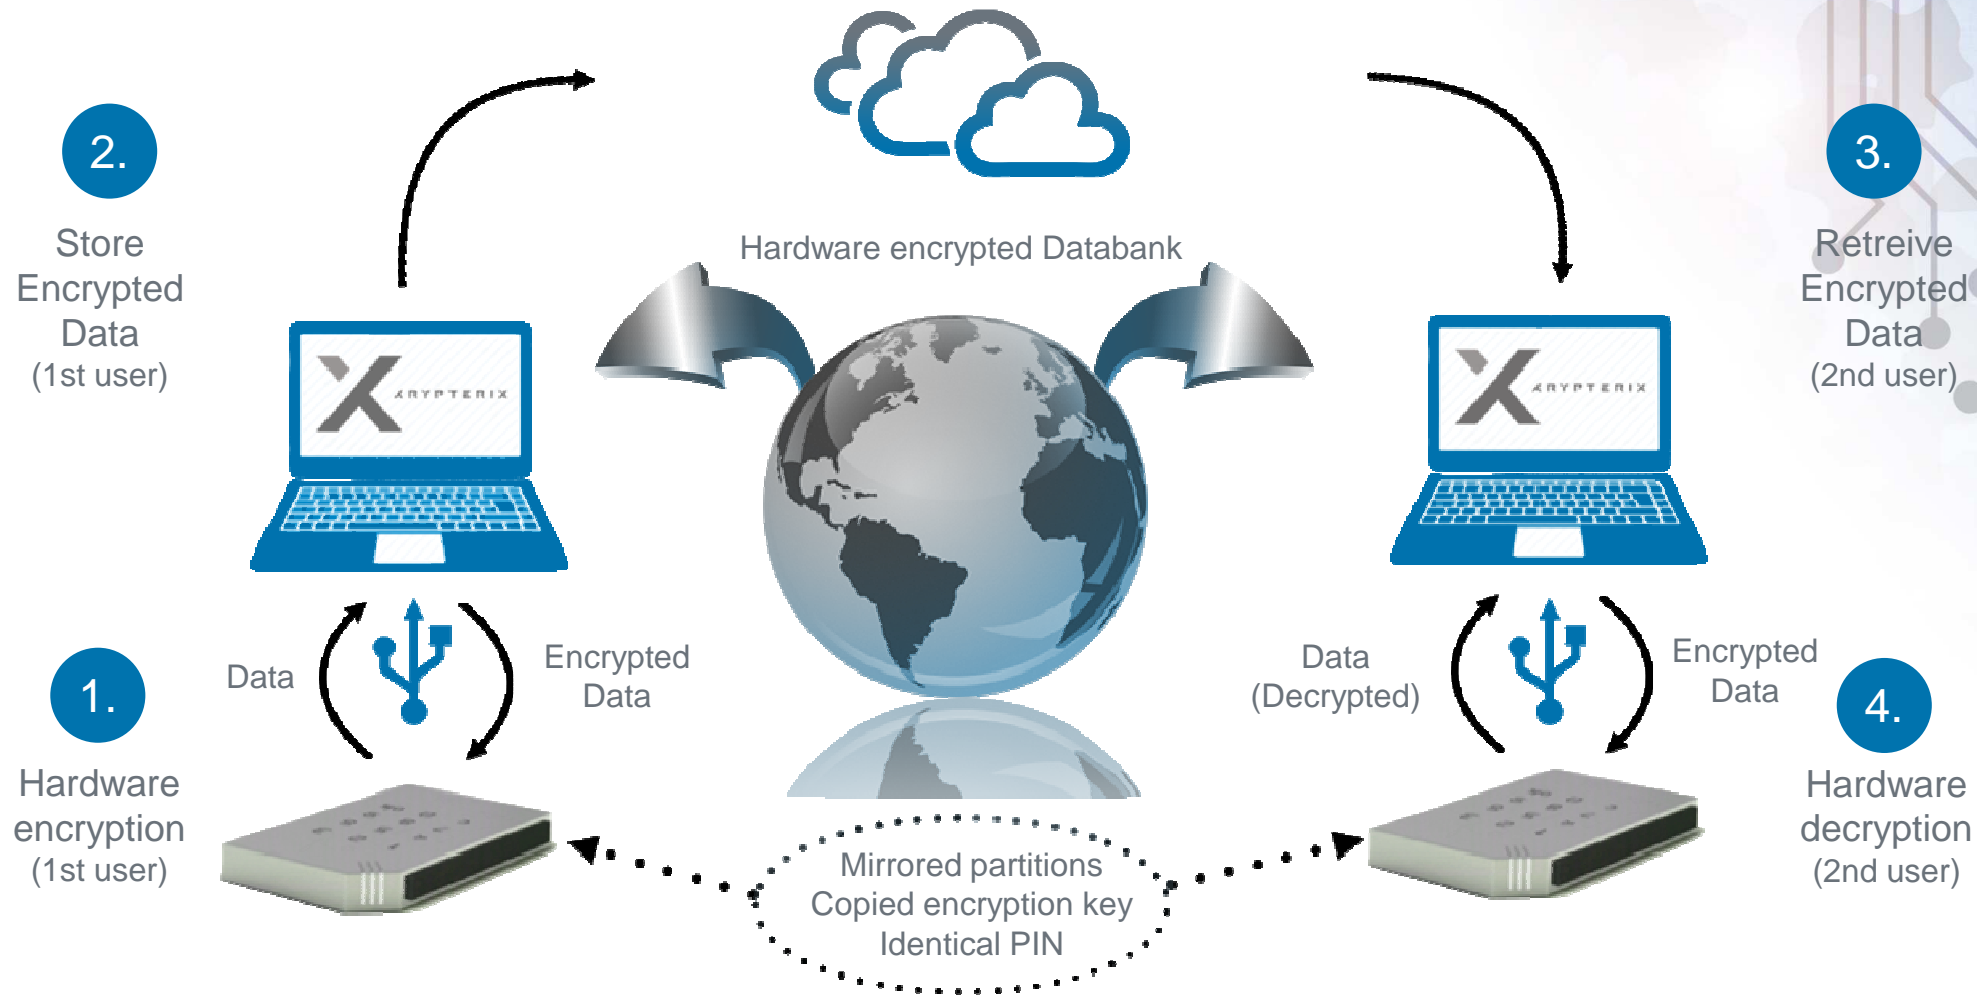

USER FRIENDLY

Krypterix as data mobile and Cloud backup

Hardware encrypted direct communication

Thank you for your attention
